Product selection and applications

With a new brand, we have a new set of product names. The new list unites all of the popular DMS and Pilkington products, but reorganises them under easy-to-follow benefit categories. Each category is identified by a symbol representing the application. Many glass products are multi-purpose or can be manufactured to perform many functions.

Old Product Name	Product Type	New Product Name	Product Type
Optifloat †	Clear and Toned	VFloat™	Clear and Toned
