PRODUTOS / MÁQUINAS

Manufacturer of Container Glass, Bottles, Foods, Beverage

BA has an annual production of approximately 5 thousand million containers in 11 colors: Amber, White, Light Blue, Flint, UVA White, Black, Antique Green, Emerald Green, Georgia Green, UVA Green and Dead Leaf.

HISTÓRIA DE EMPRESA

With a total of seven factories and 2.300 employees, 1.470 in the Iberia plants and 675 in the Polish plants, BA has an annual production of approximately 5 thousand million containers in 11 colors: Amber, White, Light Blue, Flint, UVA White, Black, Antique Green, Emerald Green, Georgia Green, UVA Green and Dead Leaf.

The factories are structured – in terms of size, technology and auxiliary equipment – and the production lines are specialized to satisfy the different needs for glass packaging of the food & beverage industries.

All factories are equipped with modern automatic inspection machines that verify 100% of the products to guarantee the conformity of their physical and dimensional characteristics. In addition to this inspection on the production lines, laboratory tests are also performed to control the surface treatment, capacity, resistance to heat and pressure and others.

As a result of these efforts BA became a reference supplier to the main food & beverage industries, where it stands out due to the quality of its products and the ability to, together with the customers, find innovative and flexible solutions.
