PRODUTOS / MÁQUINAS

glass global consulting is a new spin-off of GG Community - www.glassglobal.com - the leading internet glass community.

We will help you analyzing and benchmarking your glass production and run projects to reduce costs (with energy costs in particular), minimize CO2 and NOx emissions (with additional returns through emission trading schemes), increase efficiencies, enhance glass quality and optimize productivity.

glass global consulting is a team of professionals with technical, commercial and marketing expertise within glass and works in close cooperation with competent partners.

HISTÓRIA DE EMPRESA

glass global consulting GmbH is a German company, headquartered in Düsseldorf. To provide you with a technically sophisticated service, we include engineers of glass technology, business experts and programmers in our team. Main topics of the company are the contribution and generation of information for the global glass industry and its suppliers.

Our Network is completed by glasglobal.com featuring a comprehensive company database, Trade Market, Job Market, Consultancy as well as Technical Glass Calculations and Calculations about thermal behaviour. You can rely on our long international experience in sales and technique as well as on our glass specialists.
