PRODUTOS / MÁQUINAS

Supplier of Furnaces for Thermal Toughening, Bending Technology, Broad Line of Heat Processing Furnaces, Combustion Systems, Fuel Blending Systems, Low NOx Wall & Floor Burners and Components

With the combined portfolios of Pyronics, Ray Burner, Red-Ray, Ensign Ribbon Burner, and Webster Combustion, Selas offers more heat technology solutions than any other combustion company.

Selas advantages include:

- The most diverse range of industrial burners in the market
- Expert application support ensuring the best solution for your needs
- Product innovations to reduce operating costs and improve yield
- Customized combustion solutions for both OEMs and end users
- A field service team dedicated to keeping your equipment running at peak efficiency

Contact a Selas sales engineer today to discuss any of the following:

- Premix or nozzle mix industrial burners
- A wide range of specialty burners, some of which are used for process air heating
- Combustion components such as valves, mixing equipment, regulators, monitors, blowers, and safety devices

Custom integrated system solutions for unique applications

Aftermarket services, startup, and maintenance support

HISTÓRIA DE EMPRESA

Selas offers a broad line of heat processing furnaces, combustion systems, premix burners and components. Included are combustion controllers that maintain gas/air ratios over wide turndown and premix monitors that adjust for gas/air variances before production is affected.
