Am Nasstal 10
07751 Jena-Maua

PRODUTOS / MÁQUINAS

Supplier of Electric Furnaces, Fuel fired Furnaces, Special melting facilities, Systems and components

Products:

all-electric furnaces

fuel-fired furnaces

oxy-fuel fired furnaces

recuperative furnaces

special melting facilities

platinum melter

specific day tanks

pot furnaces

crucible melting facilities

induction furnaces

systems and components

complete electric heating and boosting systems with

long-life electrode holders with Mo-electrodes and thyristor-controlled power supply

bottom block electrodes for application in aggressive glass

tin oxide-, tungsten, and platinum electrodes for use in specific glass melts

top electrodes for installation in furnace and forehearth

combustion systems with specific burners for oil, gas, and oxy-fuel fired furnaces, and conditioning systems

heat recovery systems with

tailor-made systems for oxy-fuel application

special steel recuperators for conventionally fired furnaces

environmental control systems

bubbling systems for air and oxygen

dam cooling systems

electric drainage units for periodical or continuous operation in furnace and forehearth

electric and process control systems, including field measuring equipment

research and development

feasibility studies

joint research-and-development projects

laboratory services

mathematical and physical models

personal training

ongoing technical cooperation

Company Profile of **JSJ Jodeit GmbH**
