## PRODUTOS / MÁQUINAS

### For glass manufacturers :

**Certinadvance®** : new combination of product and equipment for hot and cold end coating.

**Hot end coatings with Certincoat®** : Applying a uniform hot-end coating of tin-oxide, to a glass container provides an excellent surface for cold-end coating adhesion

**Cold end coatings with Tegoglas®** : It is the most widely recognized name in cold-end coating products around the world - a name that means quality, performance and ease of application.

### For bottlers :

**Kercoat®**: Protecting coating for returnable glass bottles - Beer, Soft Drinks and Mineral Water markets

**Opticoat®**: Masking coating for returnable glass bottles - Beer, Soft Drinks and Mineral Water markets"

### For flat glass :

#### Certincoat product range

Certincoat® low emissivity coatings combine exceptional energy savings performance with the durability and ease of handling of clear glass. Certincoat® Pyrolytic Low E coatings impart windows with superior reflectivity and allow for the absorption of light or heat energy. Certincoat® On-Line CVD system integrated into the glass making process, Certincoat CVD technology is available only for the float glass manufacturer.

## HISTÓRIA DE EMPRESA

France's leading chemicals producer, Arkema is aiming to become one of the **global leaders in specialty chemicals**. With its 19.000 employees and 136 production plants in 50 countries, Arkema has a revenue of **€7.7 billion**.

Arkema is building the future of the chemical industry using a responsible, innovation-based approach.

---

The Glass Coating team is strong of about 35 years of experience. Across the years, Arkema has been a real pioneer of the glass coating market. Thanks to our R&D, we have made the HEC landscape evolve in particular through the patent of the double loop system (link to [Certincoat® hot-end coating](#)) and very freshly with our new technologies T-Hood and Single Liner (link to Certinadvance®).

Further, we propose adapted technologies to complete the glass care through solution for returnable glass bottles (Kercoat® and Opticoat®).

**Arkema participates in following events this year:**

**Drinktec - Munchen -September 11-15 2017**
