## PRODUTOS / MÁQUINAS

We specialize in taking your non-core activities and making them our company that caters to the Tier 1 and 2 automotive supply base. We ARL is a ISO/TS 16949:2002 and ISO 9001:2000 certified core business, such as Warehousing, Sequencing, Assembly, Kitting and Containment Sorting. Assemble-Rite is a Managed Support Service Provider that can be a strategic asset with respect to cost effective outsourcing. Mission Statement Our company recognizes the importance of Customer Satisfaction for our long term growth. We as a team and as individuals will provide products and services that consistently meet or Exceed the Expectations of our customers, stakeholders, employees and suppliers. Our philosophy is backed by our endeavor for Continuous Improvement in every aspect of our business. Supplier Management: Develop a " Supply Management System" as it relates to your incoming suppliers quality issues. Provide consistent and steady crews of inspectors and supervision on-site at your facility. Provide proactive training with respect to plant rules, regulations, health and safety. Provide full in-depth transition plans for existing scopes of work as it relates to quality services. Provide an ARL facility to take long term quality containments off your floor ensuring that your facility receives 100% certified material. Provide consistent control over our teams to ensure 100% compliance with our customers expectations. If non-conforming parts are found, ARL will provide immediate 24/7 support to contain the problem. ARL will only ship certified parts and provide all required data upon your request which reduces the cost associated with tracking, organizing and charging back non-conforming product to the supplier. ARL can provide sequenced components to your facility or your customers manufacturing facility.
