PRODUTOS / MÁQUINAS

JSC "Soda" — one of the largest enterprises of the chemical industry in Russia. The company comprises manufacturing facilities that release more than one hundred names of chemical production, construction materials, and household chemical goods.

More than 52% of the Russian soda ash is made in Sterlitamak. Soda ash, Sodium Bicarbonate, Silica White, Barium salts are exported to the international market. In recent years the company has consolidated its positions and expanded its influence on both the world and domestic markets. The high reputation of the company allows it to serve customers throughout Russia, CIS countries, Europe, Asia, Latin America and the Middle East.

In order to maintain high standard of performance and competitive level of production JSC "Soda" is developing and realizing well-founded investment and innovative programs. By meeting or exceeding customers expectations the company has established a reputation as a reliable partner not only in Russia but all over the world.

The extensive experience acquired for the 60 years of the enterprise history and a workforce of dedicated professionals enable JSC "Soda" to meet the international standards of dynamically developing modern companies.
