RUREX is worldwide supplier for shearblades in a special anticorrosive alloy: — due to our hightech production process you will obtain a maximum in EFFICIENCY, PRECISION and QUALITY.
On request RUREX supplies a various sorts of special models (waveshaped cutting edge, cooling slots or drills, bigger radii, grinded fixing areas and others).
Also available shear blades in tungsten carbide.

# HISTÓRIA DE EMPRESA
# RUREX-STAHL
# DR. OTTO KUKLA GMBH

Founded in October 1949, RUREX-STAHL Dr. Otto Kukla GmbH has celebrated in 2019 its 70th anniversary. Starting as a trading company in special stainless steel, RUREX-STAHL today is a worldwide operating manufacturer for the glass industry.

With approx. 17 employees in Gelsenkirchen, Germany, the annual turnover is 4,0 million EURO.
The export rate is more than 80% (more than 70% in non-EU countries).

RUREX-STAHL is a technology leader in the manufacturing and commissioning of complete glass production lines for solar, figured and profiled glass.

For the container glass industry, we are supplying worldwide our heat- and wear resistant shear blades blades and spare parts, in many special designs and alloys, especially made for highspeed-IS-Machines.

RUREX-STAHL is also manufacturer for glass crushing units.
