PRODUTOS / MÁQUINAS

Belden - Sending All the Right Signals Belden designs, manufactures and markets signal transmission solutions, including copper and fiber cables, connectors and I/O modules as well as network devices and control, load sensing and load moment limitation systems designed for safety-critical applications ranging from industrial automation to data centers, broadcast studios and the aviation and aerospace industry. The company focuses on segments of the worldwide cable and automation markets that require both highly specialized and readily available products. With manufacturing facilities in North America, Europe and Asia, Belden has recorded a total revenue of USD 2 billion for the fiscal year 2008. Together with its brands HirschmannTM and Lumberg AutomationTM, Belden EMEA offers an extensive and highly specialized product portfolio covering the full range of data communications – from the information and control levels down to the field level. The company has more than 15 offices throughout Europe, the Middle East and Africa, with manufacturing facilities in Germany, the Netherlands, UK, Denmark, Italy and Hungary.
