PRODUTOS / MÁQUINAS

GVB – Solutions in Glass with head office in Aachen processes and sells different kinds of special glass for large-scale, medium-sized and smaller companies. Our range of products includes quartz crucibles and quartz plates as well as other technical glass. GVB is specialized to respond flexible on customer requests and to produce and deliver larger and smaller quantities. Due to our know-how, we are able to be at your disposition already during the development stage. We are pleased to support you from the first concept to the large-scale production of your individual product. On 1400 m2 warehousing space at two locations (Aachen und Wertheim), we keep the storage, picking and shipment of the products on customer request. Through placing of volume contracts you have the possibility, to respond flexible according to your needs and you can save space and thereby costs too. Besides, borosilicate and quartz glass in form of plates and tubes, is ready for shipment in the short term from our own warehouses
