Heinrich-Landerer-Straße 62
73037 Göppingen

PRODUTOS / MÁQUINAS

Together with the FA System group, HADBANK pv-mounting systems is revolutionising the market for outdoor mounting systems. The know-how gained from more than 80 years of experience in the steel and metal construction sector is playing a decisive role in the development.

The FA systems are patent protected absorption and mounting systems for solar modules. The most important criterion during the development of the systems is the capability for a cost-optimising configuration. In this way, the FA Systems facilitate an extremely rapid mounting and commissioning of your PV systems.

Through their static tested design in accordance with DIN 1055, the FA systems offer the utmost levels of structural safety.

It goes without saying that all FA Systems may be optionally adjusted to individual requirements.
