## PRODUTOS / MÁQUINAS

Create and Control Your Own Energy Nedap creates solutions for power backup and independent power, off-grid hybrid applications, limited grid power and solar power conversion. Our products are suitable for domestic, professional, agricultural and industrial applications. With more than 15 years experience in electronics, Nedap already developed for and supplied to established international companies and gained reputation for high-grade quality products and solutions. Conversion of solar power is key to efficient renewable solutions. However, we go beyond and give you back control over your own energy. Intelligently combining controls over your own energy through insights and tools via internet technologies. Nedap was founded in 1929, with headquarters in Groenlo, the Netherlands, and is listed on the Amsterdam Stock Exchange since 1947. We have subsidiaries in several countries worldwide. Besides the development and production of hardware, Nedap is increasingly focused on the development of software and software-based services. Nedap is characterized by an open, innovative, and creative corporate culture that puts a great deal of emphasis on development and entrepreneurship. With all our 650 employees we focus on: developing and supplying innovative, sustainable solutions and it has knowledge of technology, the market, and the client's needs.
