PRODUTOS / MÁQUINAS

Sinosol-Group is an international provider of photovoltaic systems and solutions (PV-Systems, PV-Modules and PV-components) as well as a project developer and turn-key solution provider (planning, construction, operations and maintenance) of solar parks. As a German-Chinese group it benefits from established networks in both home markets, in sourcing as well as in sales. The activities of Sinosol-Group are structured into three segments projects, wholesale and technology. The business unit projects is offering all services related to development, technical planning, construction, operations and maintenance, primarily to institutional investors and utility companies. With its business unit wholesale Sinosol-Group is a distributor for PV-Systems, especially PV-modules, and is selling to PV-wholesalers, project developers, purchasing organizations and installation companies. Through the business unit technology Sinosol Group is developing and selling special PV mounting technology, like for example a single and a dual axis tracker system, a free field mounting system and special roof mounting applications.

Company Profile of **Sinosol AG**
