Endereço	Kuwait Insulating Material Manufacturing Co (KIMMCO) Mina Abdullah Industrial Area Block 2 Shuaiba 65451
----------	---

PRODUTOS / MÁQUINAS

With an annual production capacity of 35,000 MT, KIMMCO is certified to ISO 9001, ISO 14001 and OHSAS 18001, and is compliant with ISO, ASTM, DIN, BS and other international standards. KIMMCO is committed to manufacturing sustainable and eco-friendly insulation products that help protect and preserve the environment, to ensure a green future.

Glasswool is a very high-tech product. For the past 70 years, Saint-Gobain Isover has constantly improved its qualities and performance and each year files dozens of patents. Today's glasswool has nothing to do with that made in 1970. That is why at ISOVER, we talk about "glasswools" and not glasswool in the singular as there is such diversity in the range, in terms of features, performance and formats.

Thermal performance has been improved by 20 % in just 10 years: 15 cm of ISOVER wool (lambda 30 wool) insulates as much as 20 cm thick wool at lambda 40. Furthermore, ISOVER wools are now less irritant when bare and can also be covered with soft veils to improve laying comfort

Comfort Floor Board

Upgrade your building's acoustics and thermal insulation with Comfort Floor Board from KIMMCO-ISOVER. It reduces impact noise and maintains temperature control.

Comfort Floor Board Extra

Improve the acoustic comfort of your building with Comfort Floor Board Extra insulation from KIMMCO-ISOVER, a high-performance solution for intermediate floors.
