HISTÓRIA DE EMPRESA

HORN Glass Industries AG, a German specialist in the design and supply of complete glass melting technology is a solution partner for the worldwide glass industry. With its abroad subsidiary companies in Czech Republic, India, Malaysia and China HORN match the glass industry requirement for local and fast activities.

With its more than 125 year experience in glass melting HORN has a wide range of experience in the design, manufacture and supply of different furnace types for production of lighting ware, tableware, containers, cast glass, float glass, solar glass and technical glassware.

The range of products includes utility equipment as combustion systems, electric control equipment as well as modern process controlling with SCADA systems at the highest standard, to name but a few.
